ECHO 1963

Mr. Feinman

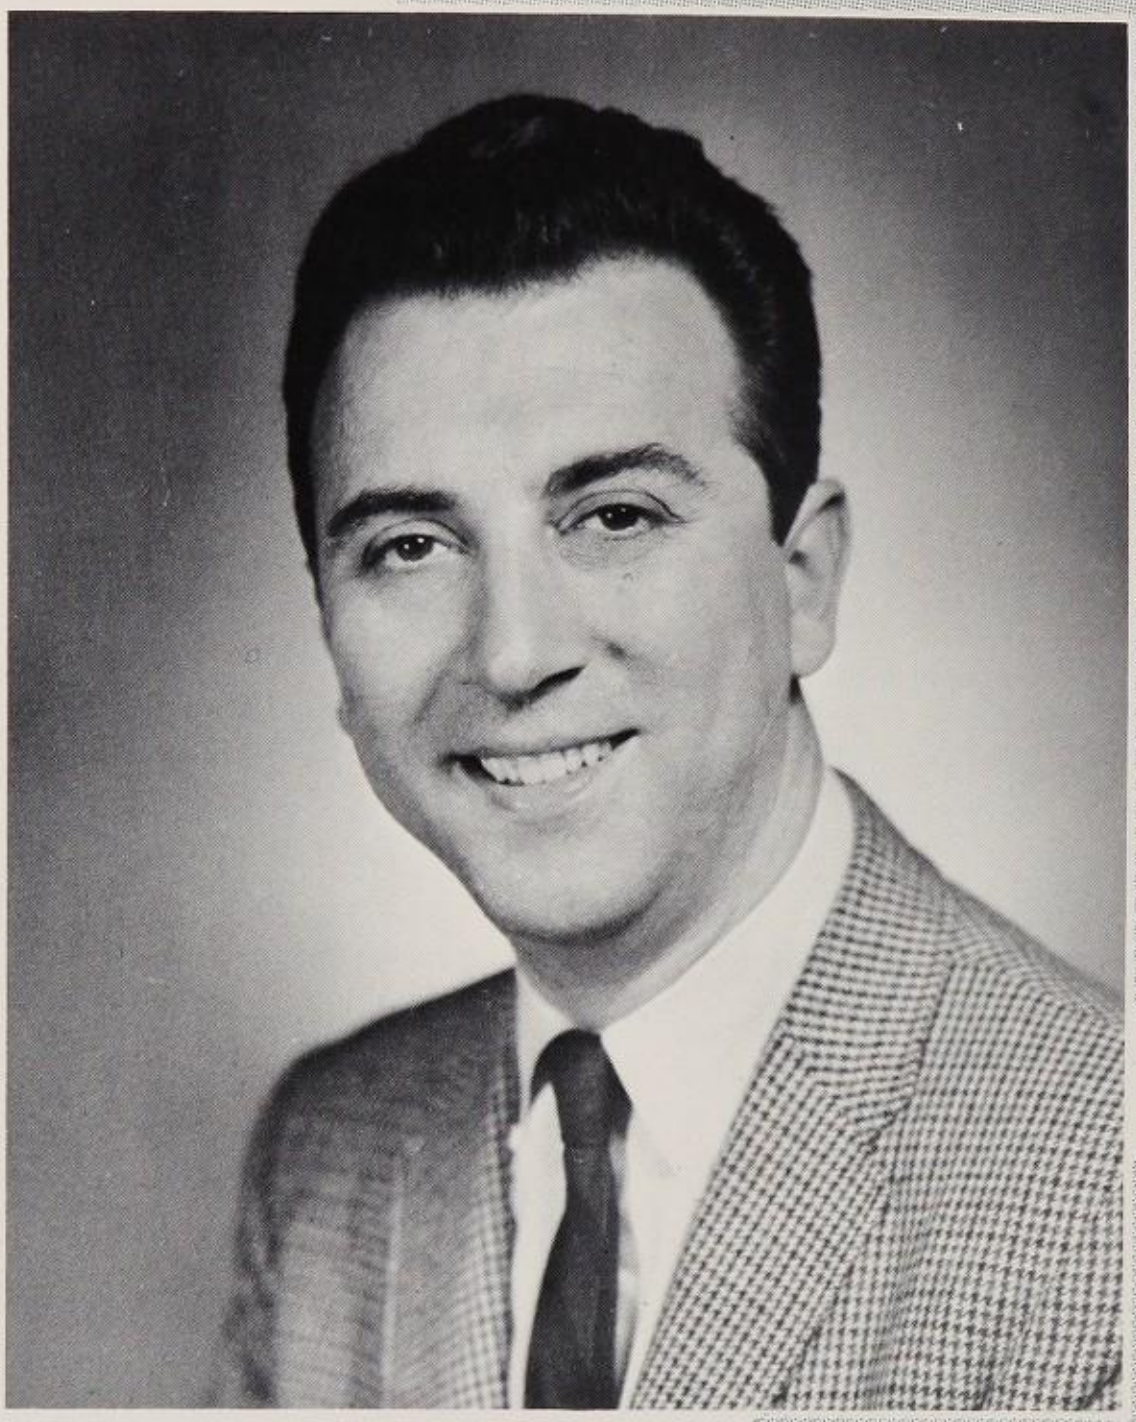
NO
SMOKING

ECHO 6

Universe —

The universe is a paradox
Of microcosm — world incredibly small
Of macrocosm — world incredibly big
The limits of distance and the limitlessness of time
Birth and Death
Finite and Infinite
The past and the future
The province of thought and the kingdom of emotion
Described by all — understood by none
Linked by one brittle word
All — the sphere of eternal circumference
Known to us only by the radius of human experience
All — stretching before us in its marvelous immensity
Yet some want to look back
A book of rememberance for them
Echo.

Dedication



Mr. Michael Maglio

In an age which emphasizes scientific progress, we tend to neglect the cultural aspects of our society. In Long Beach, however, Mr. Maglio has been a constant source of intellectual enrichment. We, the seniors of 1963, dedicate our yearbook to Mr. Maglio in return for his dedication of his career to us. We thank him for his instruction in choir, music appreciation and the summer humanities course and we await his return next fall as Dr. Maglio.

ADMINISTRATION

The harmony and order of the celestial planets are due to guiding forces exerted by the sun. In our analogy there is a guiding force which enables the Long Beach High School to efficiently function as a cosmos of learning within the universe of knowledge. This attraction is the total effort of the administrators — an effort which equals the potentiality of our school as just such a solar system.

Dr. Joseph A. Kuhn
Superintendent of Schools

Dear Graduates:

In a sense, life is composed of a little of the past, the present, and the future. As you look back over your accomplishments, I am sure that you will recognize the importance of your elementary and junior school education, without which the high school could not have been successful in preparing you for the years to come.

When you receive your diploma, you will be entering a new world — college or industry. Whatever the case may be, you will encounter new experiences, new friends, and new responsibilities. I know that by virtue of your diligence, talent, and ambition you will do well. I know too that you will cope successfully, not only with the enormous problems here on earth, but with the vast complicated problems of our space age. We must demonstrate beyond doubt that science and the humanities can co-exist in our culture. Through science and technology, space travel will soon be a reality, and once again the world will become smaller. Certainly we must learn to live together as good neighbors. As you demonstrate to the world that the principles of our great democratic way of life really are effective, you aid in achieving the high hopes of all mankind for peace and the dignity of human life.

Mr. Jerome P. Murtha, L.L.D.
President

Board of Education

Dear Graduates:

After four successful years of concentrated study, you are about to cross the threshold and enter a world that is highly specialized and complex. Today, ICBMs, astronauts, space platforms, missiles to the moon, are no longer fantasies in science fiction, but realities of our age. We must cope with all their implications as well as contribute to our society so that all may benefit.

In this space age, my concern is not so much with the quest of life on Mars and Venus. Rather, it is for us, once there, to bring with us the good life we have been seeking here on earth for centuries. For this task you will need more than robots, computers and cyclotrons. I trust that we have set you on the path to goodness, and that you will enlarge it to a throughway, and then to a spaceway. Centuries have proven the rightness of scientific hypotheses and made them facts. Perhaps your generation will prove Aristotle's concept of universal goodness, conceived over two thousand years ago, has factual as well as ideal reality as you journey through life, and possibly eventually through space.

My heartiest congratulations to you and your family for achieving the highest honor we have to confer upon you.

Sincerely yours,
Jerome P. Murtha
President, Board of Education

Mrs. Hannah Komanoff
Vice-President

Mr. Milton Popper

Mr. Seymour Pestronk

Mr. Frank J. Woods

Mr. Joseph Borzilleri
Principal

Dear Graduates:

The theme you have chosen for your Book is as interesting as it is timely. It can be said that each and every one of you is a universe unto himself — complete, distinct, unfolding. As other universes, such as the moon, the planets, the stars are bound together in constellation — so are you part of an inexorable maize of laws, regulations, procedures and heredity.

It has been the aim of your faculty to help prepare you for your proper place in the scheme of things. We all sincerely hope that a light has been created in each of you and that its beams will cover the earth, the skys and the hearts of mankind for eternity.

School Services

No one knows what force keeps our solar system in such perfect order. However, in the microcosm of Long Beach High School, one reason for our success as a well-run body has been determined. We owe a tribute to the bus-drivers, who have unfailingly supplied transportation, to the custodians and maintainance men who have faithfully cared for our building, and to the cafeteria staff who have always provided us with nutritious meals. For these services we offer our heart-felt thanks to the forces behind our world here in school.

MRS. ZILLESSEN

Man, with all his marvelous skill of imagination, has made of the seeming reckless scatterings of stars across the heavens, images; and around each image he has built fabulous tales which are, in themselves, tributes to his imagination. As he has done with the myriads of stars, so has man also done with the myriads of words that are at his command. He has made them into novels and poems, essays and plays. He has created all of these and more with words as his tools. To teach us the use of these marvelous tools, the most flexible of all man's creations, is the task of our English Department and they fulfill its wondrously well.

"Quill and Scroll" is an international honor society for high school newspaper reporters. It gives us the image of the perfect high school journalist to which its members try to mold themselves. Many members of the Tide staff have met the exacting qualifications of the organization and are members of "Quill and Scroll." Their membership is an indication of the excellent way in which the Tide performs its task.

Quill and Scroll

Quill and Scroll

Cancer the Crab

Tide Editors

Tide Staff

Tide

The staff of the Tide uses its facilities to create news images for the school. The Tide reports on all school events and on other happenings of interest to the students. By reporting both academic and athletic events and items concerning both students and teachers, the Tide creates a realistic picture of school life. Through its editorials, the Tide helps bring this image about and tries to improve it.

Fragments

Scorpius the Scorpion

Fragments Editors

The creation of matter — from the minutest particle to the massive planets themselves — is as inexplicable a phenomenon as the creation of the abstract. Who can comprehend, for example, the process of poetic inspiration? In the annual publication of Fragments, students whose work is selected may present the products of their own literary imagination, be they fictional stories, essays, or poems. These students are involved in the mystery of creation.

Creative Writing

Just as man's mind created pictures out of the stars in the heavens, so, with words, he can create any image. The Creative Writing Club is the organization in Long Beach High School through which such creativity is fostered. Students from every class are active members of this organization. Their goal is learning more about creativity of meaning with the words at their command, certainly a goal well worth achieving.

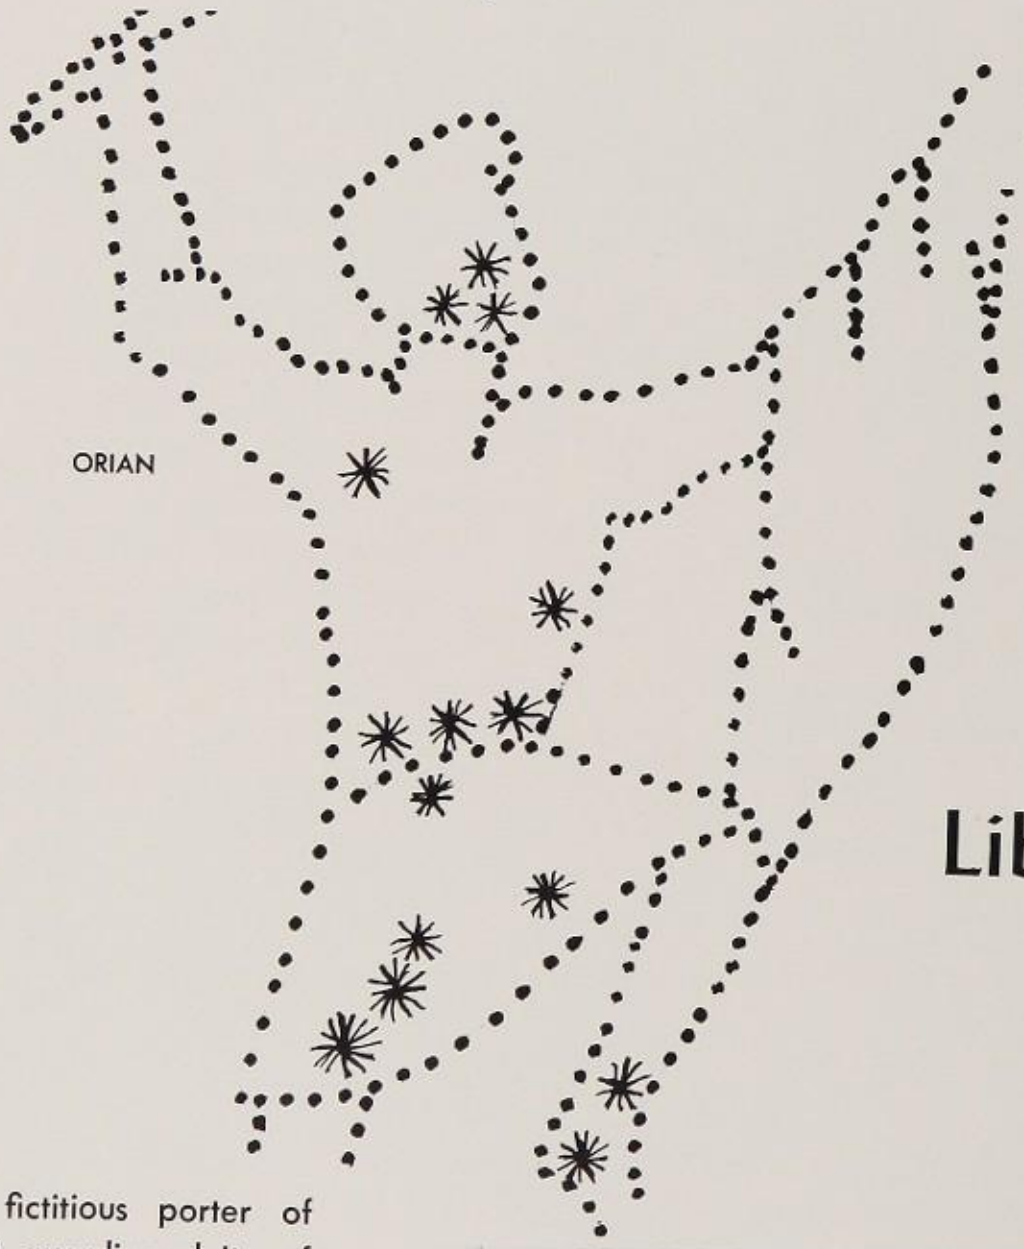
Creative Writing Club

Announcement Squad

Announcement Squad

The image in our mind is focused quite clearly now: Mercury, messenger of the gods, clad in winged cap and shoes is seen dashing across the dazzling Milky Way, executing his primary function of relating the happenings and future events of the day to his fellow gods and goddesses.

In reality, the announcement squad, body of capable and efficient students, similarly aid us in planning our day. Mercury is considered to be of prime importance to Jupiter just as the announcement squad is a necessary factor in the co-ordination of school activities.



Library Staff

Just as Janus, fictitious porter of the heavens and guardian deity of the gates, has the power to open and close the doors of the universe, books can open the gates not only to the world of the imaginary, but also to all tangible subjects. The information secured by Minerva to earn her title as Goddess of Wisdom can be earned by all students if we unlock the doors and utilize all the wonderful facilities offered to us.

Library Staff

Drama Class

A closed curtain on a dark bare stage presents no challenge to the imagination. But let the curtain go up, the lights flood the stage and some action appear and suddenly we find ourselves in a world bounded only by the limits of fantasy, a limitless region indeed. The Drama Class, taught by Mr. Burton Wolsky, is dedicated to exploring this fascinating world of dramatic experience. Continuing this search is the Drama Club, under Mr. Jay Abramowitz, an extra-curricular group which provides further means of expression for students interested in the theatre.

Reading and Speech

Mrs. Sherman
Speech

Senior Speech

Senior Speech

What confusion would be present if we were unable to express our visions in spoken words, as we were speeding along in space and gazing at constellations. LBHS students can thank their lucky stars that they are given the opportunity to be aided in the development of proper speech, and to be taught poise and expression. Under the able direction of Mrs. Sherman, the Senior Speech class has gained a wealth of knowledge which will indeed be appreciated in their future college and business endeavors.

Mrs. Schatz
Dist. Supv. of Reading

Mrs. Robb
Reading

In order to comprehend the philosophy of great men, and to obtain a broader insight into humanity, the ability to read well is a necessity. Such reading courses as Speed Reading, Reading Workshop, and Remedial Reading strive to arouse a thriving interest in the students with respect to literature, and with the assistance of Mrs. Robb and Mrs. Schatz, the students derive a better understanding of the words of others.

Speed Reading

" 'Look,' said Tip, 'watch Mitten run.' Run, run, run."

LANGUAGE

As man strives to conquer outer space, the possibility of inter-planetary communications will some day become a reality. Already mass trans-continental communication has been made possible by such projects as Echo and Telstar. Yet the most fundamental medium of expression, language, has been in existence for hundreds of years, changing and developing to adequately meet the needs of increasingly complex societies. In the language department of our school, students have the opportunity to learn how ancient and modern peoples have communicated their thoughts to one another, through language.

DR. SAMUELS

MRS. SANTONI

MR. WEINSTEIN

Latin

Latin Honor Society Seniors

Although Latin is not a contemporary means of communication, it serves as a basis for many of the languages which are. Under the capable guidance of Mr. W. L. Margolies, the members are carried into the realm of Roman history and mythology by lively and interesting discussions and films. With this valuable background in their grasp, they are well able to proceed on to new experiences and tasks with the confidence that they have mastered a solid foundation of communication.

French Honor Society — Seniors

French

As old as the Renaissance and as new as Telstar, French is a popular, modern language. The qualified students who are members of the French Honor Society gain insight into the culture of the French civilization, the language of the French people, and the numerous examples of fine French literature. To the students, French becomes a means of communication rather than a foreign language.

German

A language rich in a heritage of a highly developed culture, German has been taught in Long Beach High School for only three years. Directed by Mrs. Ledecis, the German Honor Society takes many field trips and has heard many guest speakers. In this modern age of electronic communications, the language of German, always vastly important in the field of science, is becoming more and more vital.

Russian Club and Honor Society

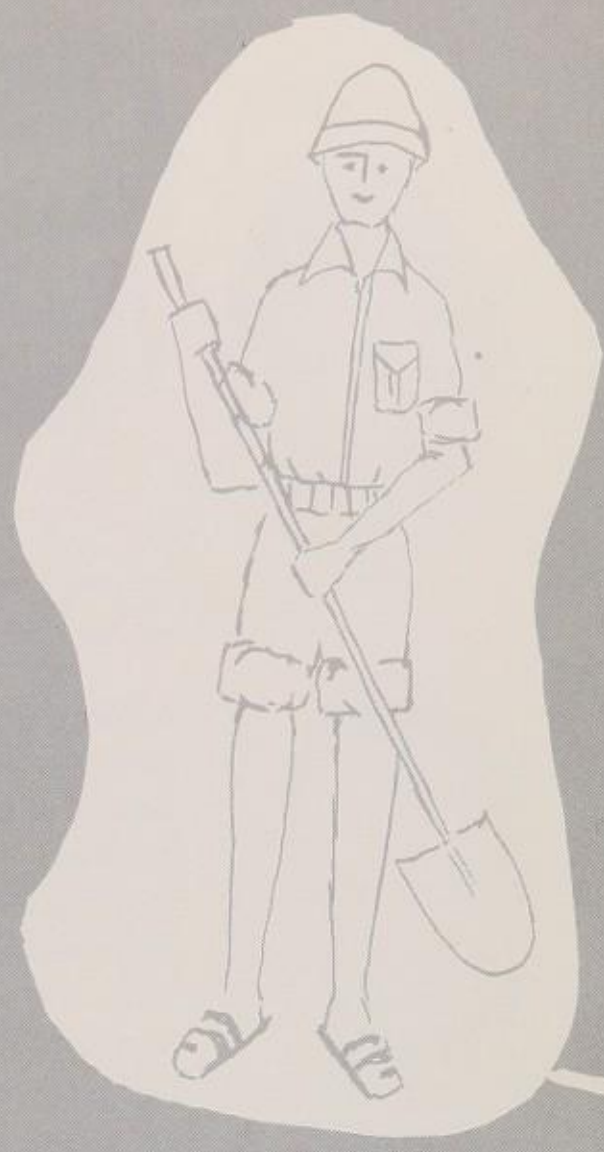
Sputnicks, Rockets, Cosmonauts
The race for space.
So many efforts for competition
None for understanding.
The Russian Club — an endeavor
To fathom, to appreciate,
Through their language,
The people of the Soviet Union.

Russian

Hebrew Honor Society

Hebrew

Hebrew — an ancient language
Holding the key to the universe of the past
And yet —
The key also to the universe of the present
As new as Telstar
As old as the stones of Jerusalem
Growing, changing
To fit the needs of a modern,
Vigorous people
Whose roots go far into the past.



Spanish

Spanish Honor Society Seniors

Spanish is sleepy villages under a blazing sun; roaring crowds at a bullfight; a culture centuries old yet new as the booming cities of South America. The Spanish Honor Society, under the direction of Mrs. Santoni, is composed of superior students of Spanish who have the opportunity to learn more about all the aspects of this ancient, modern language and culture.

SOCIAL STUDIES

In the rush that modern life has become, we tend to think of time as a measure of the ticking of a clock or the ringing of a bell. Yet there is a greater sense of time, a sense that the Social Studies Department imparts to its students. Here is time measured in decades and centuries, in periods and eras. It is a time that is alive with personality and color, be they of a newspaper of yesterday or a tablet of ancient Babylonia; we have become acquainted with both

Forum Club

Forum Club

Though they take their name from the ancient past, the Forum Club is ever up to date on people, institutions, and events that are of importance today. Under the guidance of Mrs. Brosseau, the club both listens to speakers and debates among themselves on the vital issues of the day.

Debating Club

Debating Club

The ticking of the timer's stopwatch is the measure against which the members of the Debating Club must guide themselves in their task of stating their arguments clearly and concisely and conveying their meaning clearly and definitely. Under the guidance of Mrs. Rassiga, the group has participated in many contests and tournaments, doing a very fine job for such a relatively young group (3½ years old). They have competed with many other such groups, similarly seeking a clarity of expression, within the limits of time.

MR. SCHULTZ
Chairman

MR. ROBBINS
Science Coordinator

Many people ask, "What is there left to explore?" The answer is simple — the universe. Exploration will never cease because each discovery and invention opens up new fields to explore. Man explored the field of flight, invented the rocket and is now exploring space. Man explored the uses of glass, invented the microscope and is now exploring life processes. Man's progress depends on successful exploration, and the science department developes the students' ability to explore successfully.

Learning from assistance

Throughout the ages, man has sought an understanding of the seemingly inexplicable mysteries of the universe. But as scientific developments are made to further explore the unknown, even more perplexing phenomena are observed.

Students who meet exacting requirements may participate in the After School Science Program, sponsored by the Science Department. This program offers them the opportunity to explore, under the supervision of capable instructors, the mysteries of that area of science in which they are most interested, and to complete a project in that field. As members of the Laboratory Service Squad, students may also learn the proper use and care of scientific equipment, as well as correct experimental procedure.

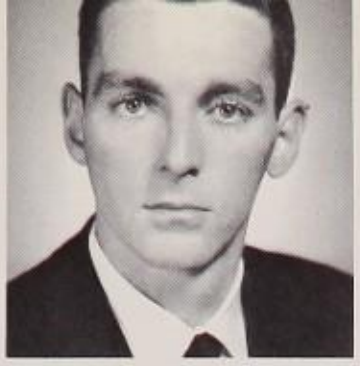
PHYSICAL EDUCATION

There's something for everyone in the Physical Education Department. The program runs the gamut from baseball to wrestling, ours is one school which offers many answers to this nation's physical fitness program. Stressing teamwork and sportsmanship, our sports program is one to be proud of.

MR. SANTAY
(Chairman)



MR. FARRY

MR. GOLD

MRS. PROPPER

MRS. GRABELSKY

MRS. QUINN

Football

This year's team will certainly remember the outstanding performances regularly turned in by Most Valuable Player Tom Parker. Sonny McKever was voted All-League for his consistently excellent play. Mr. Piazza summed up the season well at the awards assembly by saying that it's not the final score that counts, but the effort that was put in. We did not get the many wins we had expected early in the season but, we did get a full season of exciting, hard fought games. Twice we lost by a single point and we often outplayed our victorious opponents.

Soccer

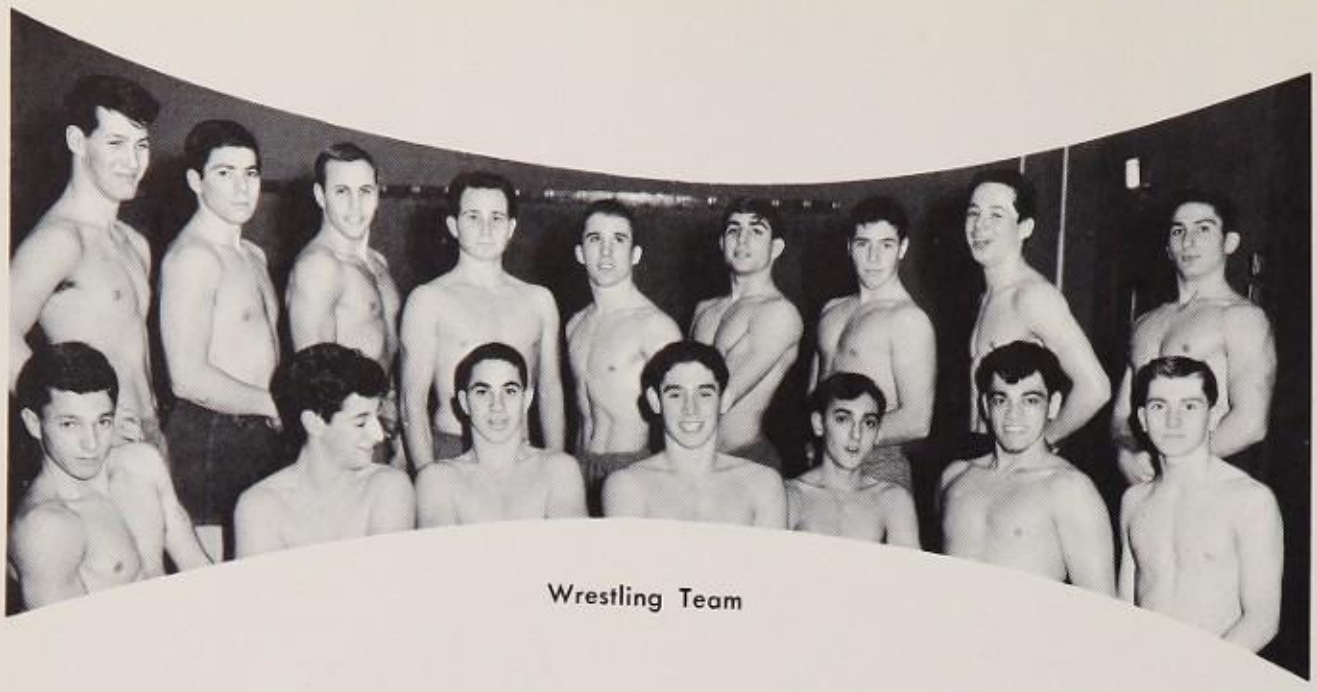
The members of this year's soccer team have spent many long and exhausting hours practicing under the direction of Mr. John Ritaccio, on the windswept fields at Lido. Besides participating in regularly scheduled practices held over the summer, a few of the more dedicated boys began playing as early as last February. Sheer enjoyment of the sport, not special recognition of honors, motivates these boys.

Soccer Team

Tennis team

Tennis

This year's Tennis Team, under the leadership of coach Ed Young, achieved an enviable goal: an invitation to play in the County Tennis Tournament. Compiling a season's record of six wins and six losses, the Tennis Team took third place in its section, thereby qualifying for the tournament.



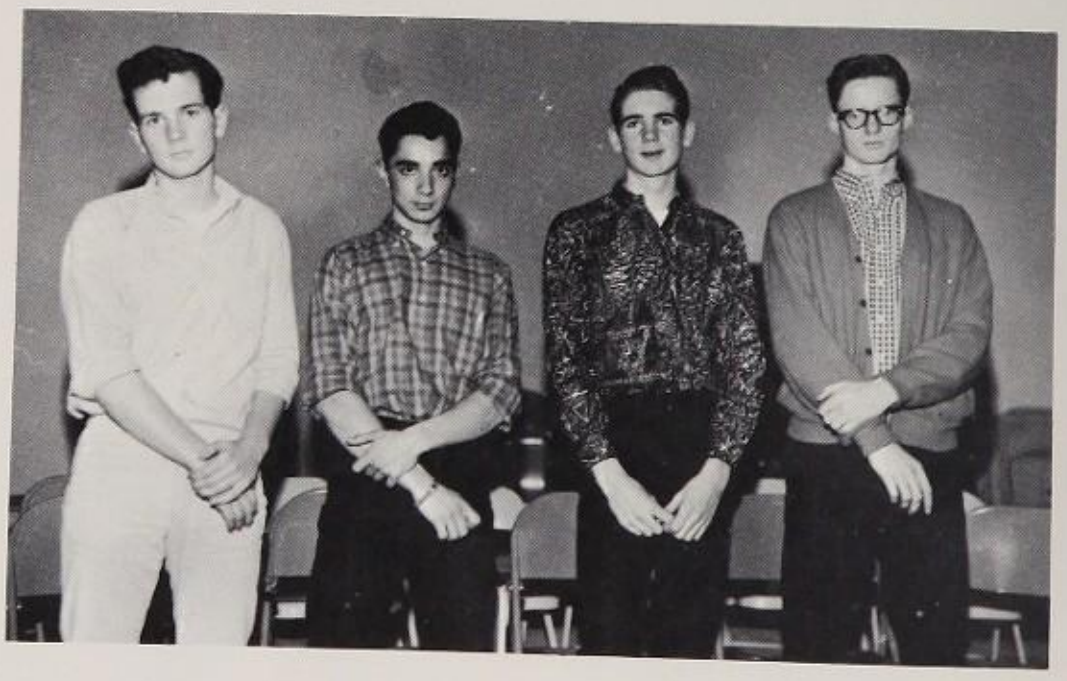
Wrestling Team

Wrestling

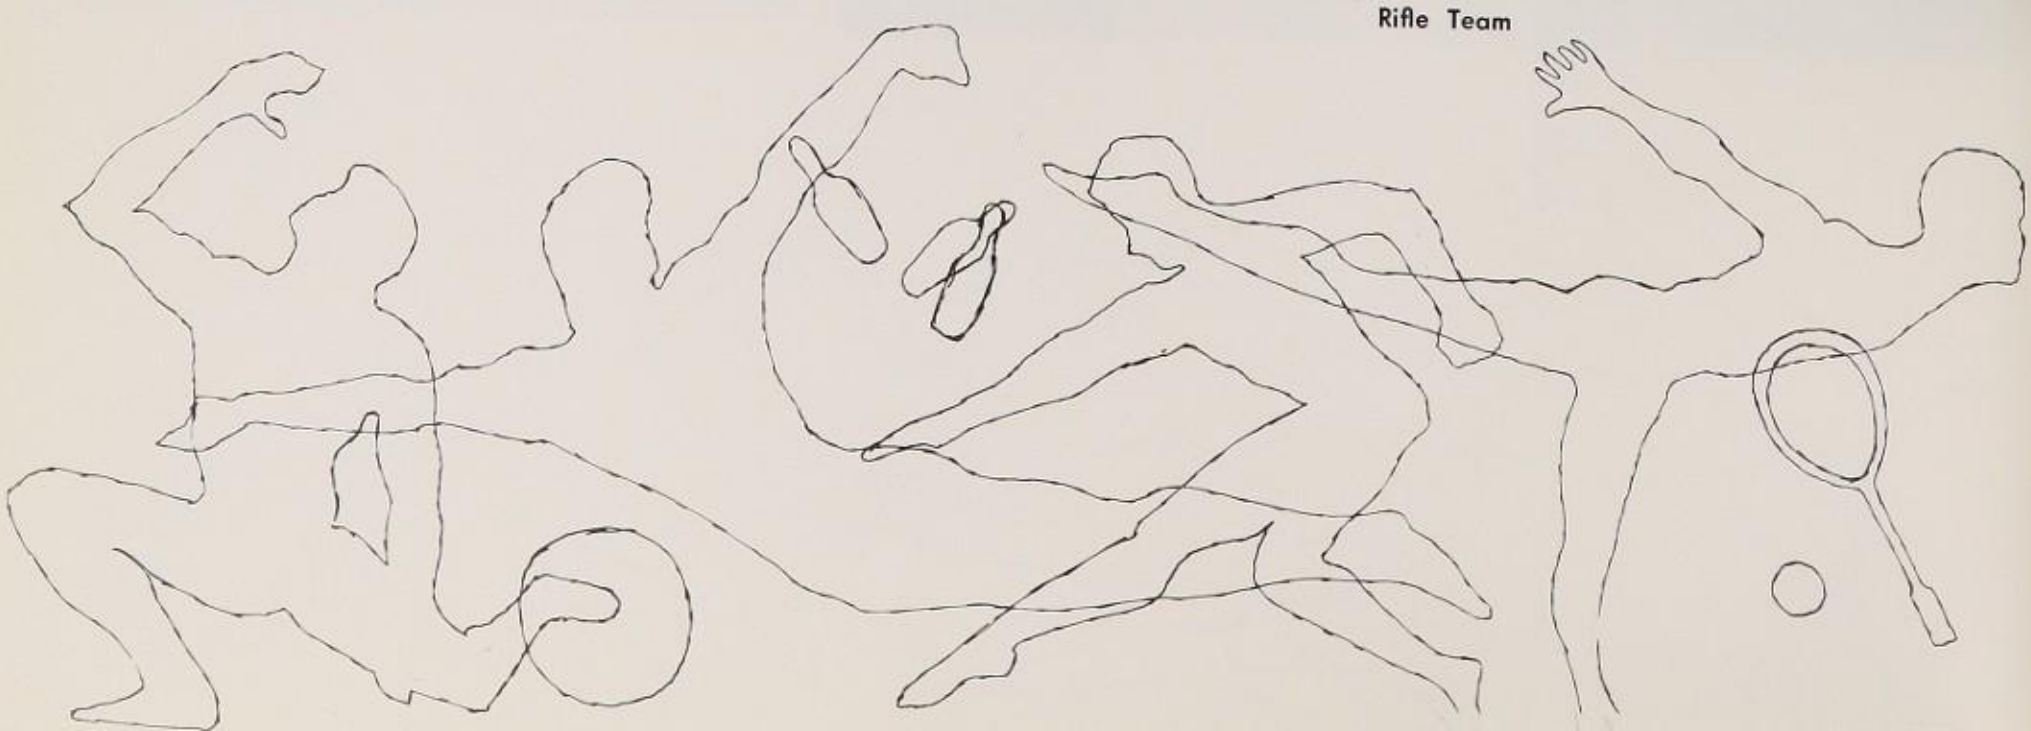
Practicing six days a week and several times during the winter vacation, the Wrestling Team has been quite active. The boys accomplished much in building up their bodies, coordination, and confidence. They exercised, learned holds, dieted, and gained experience, not only in the physical use of their bodies, but also in the making of split-second decisions. It is because of the courageous efforts of the team that the popularity of wrestling as a sport is growing.

Rifle

Frozen fingers did not stop them from practicing at the Police rifle range. No crowds or cheerleaders to watch their matches. Quiet in name but not in performance are the Marine Nimrods. Coached by Mr. John Castelli, the team has always had a fine record.



Rifle Team



Basketball

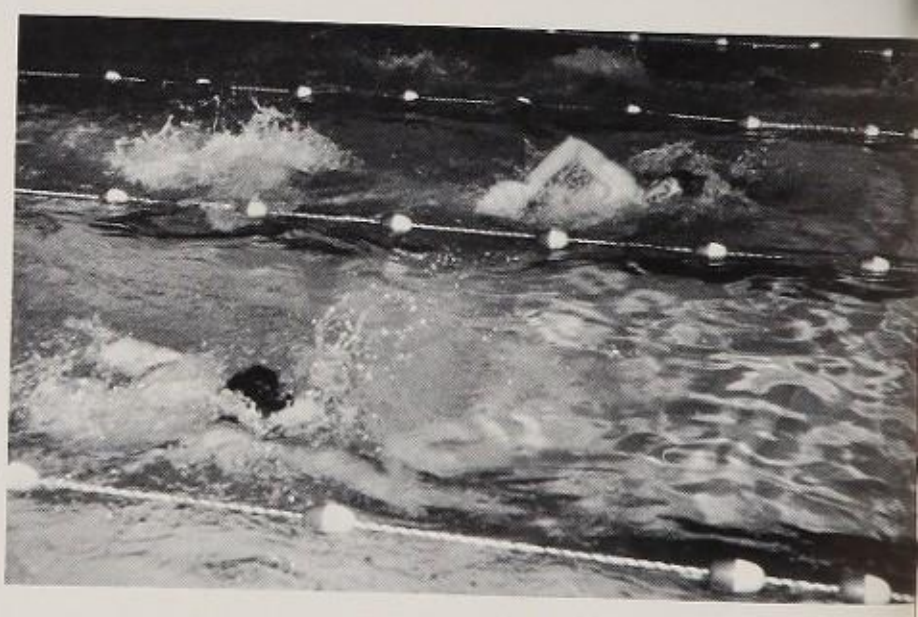
In order to win in basketball, a team must throw a sphere through a hoop more times than its opponent. Coach Gene Farry's team must have learned its lessons well, for its record was very fine. The team displayed a finesse in passing, shooting, dribbling, and defensive playing. A more important reason, however, for labeling this season as successful is the tremendous amount of spirit and enthusiasm which was exhibited by the players and the fans.

Swimming

Swimming Team

Swimming is steadily becoming one of the biggest sports in the country. The Long Beach Swimming Team under the direction of Mr. Tom Kiernan competed for the first time on a varsity level. The team has great potential and within a few years is expected to be one of the top teams on Long Island.

Bowling



To win in bowling, a player must be, above all other things, accurate. The timing, the speed of the ball, the degree of curve and the length of approach must be perfect. Accuracy is the factor which separates the good bowlers from the bad. Our fine record is evidence of the prowess and diligent practicing of the Long Beach team. Larry Kinsler brought a high honor to our school; he had the highest average in our league section. Bowling is a growing sport in the United States and as its popularity increases, so does the interest and enthusiasm of Long Beach bowling fans.

Track

Track Team

Cross Country Team

A locally, nationally and wordly popular sport is Track and Field. Stemming from the ancient Greek olympic festivals, this sport has survived the changes in the progress of man. The track events are races against time in a mixture of speed and skill. The field events are defiances of gravity, using strength and form. Our track members, guided by Mr. Irving Gold; who has coached track at L.B.H.S. for the past 19 years, develop their bodies, prowess and grace.

Baseball

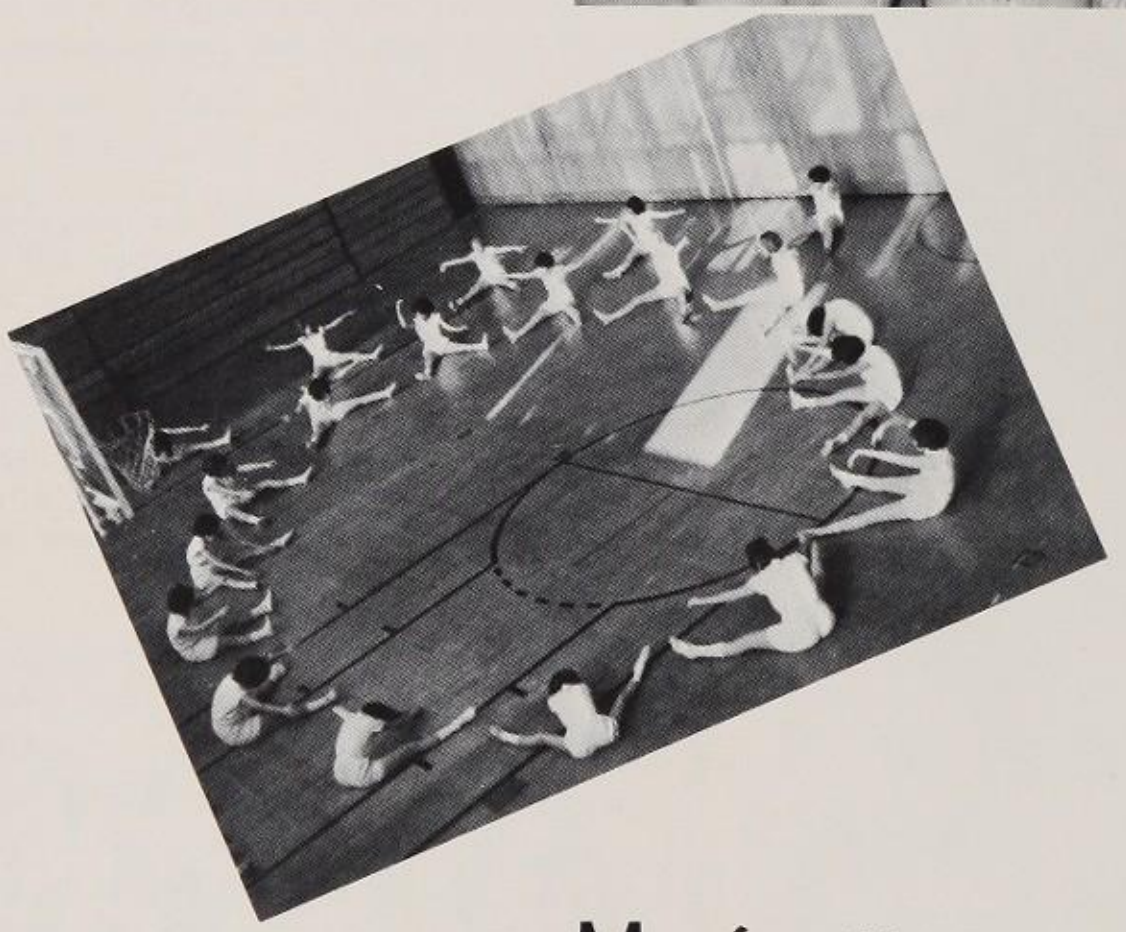
Baseball Team

A man in blue yells, "Play ball!" An arm whips around. A ball whizzes forth. A cocked bat swings. Bat and ball collide and another game is under way. Back in the 1840's, Abner Doubleday invented what today is our national pastime — baseball. Long Beach has its own team and we are proud of them. Gene Farry, who replaced Don Carcich as coach, did his job most effectively, while establishing the team as one of Long Beach's finest. All the members of the team were a credit to the game and to our school.

L.I.G.A.

Rivalling the ability and enthusiasm of the boys, the athletically adept female students of Long Beach H.S. belong to the local chapter of the Long Island Girls' Association. Inter-mural and inter-scholastic contests in hockey, basketball, volleyball and other sports are co-ordinated by Mrs. Quinn and Mrs. Grabelsky. Outstanding members of the L.I.G.A. earn special recognition from the Phys. Ed. Department. This tremendous effort to promote physical fitness is deserving of praise.

L.I.G.A. Seniors



Girls' Gym Class

Marinettes

Marinettes

Grace and precision are the keynotes of the Long Beach H.S. high-steppers, the Marinettes. Peforming at all the football half-times, the girls radiated a charm and vitality which warmed the hearts of chilly spectators. Under the direction and choreography of Mrs. Quinn and Mrs. Grabelsky, the Marinettes has become a much appreciated organization in our school.

Varsity Cheerleaders

Cheerleaders

The Long Beach football and basketball teams were a credit to our school this year, ending the season with commendable records. The cries of the vivacious cheerleaders could be heard sparking the team on to victory and leading the student body in their enthusiastic support. The Varsity Cheerleaders were led by Sharon Gersten and Barbara Domenitz under the able direction of Mr. Richard Bernstein.

J.V. Cheerleaders

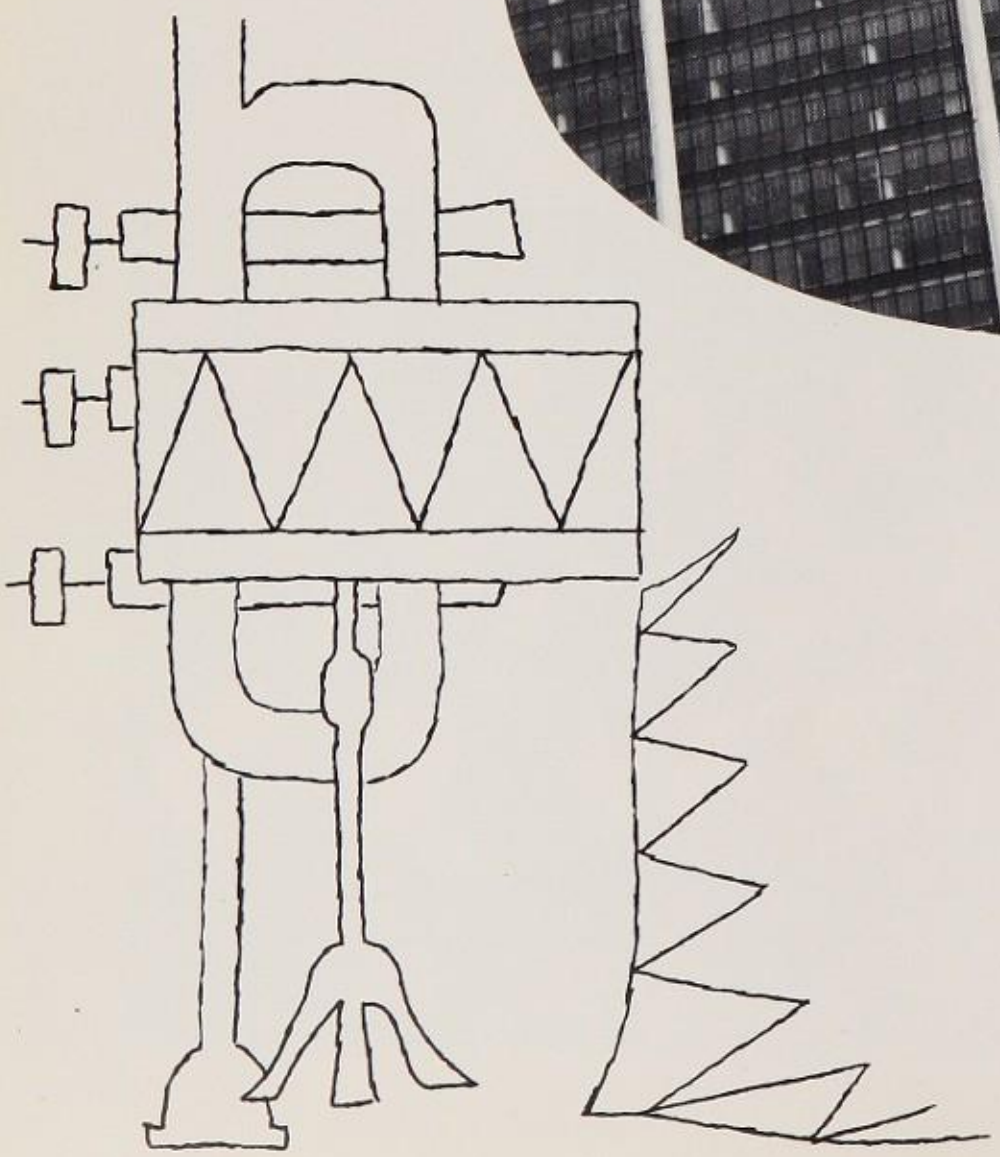
Mr. Wilson

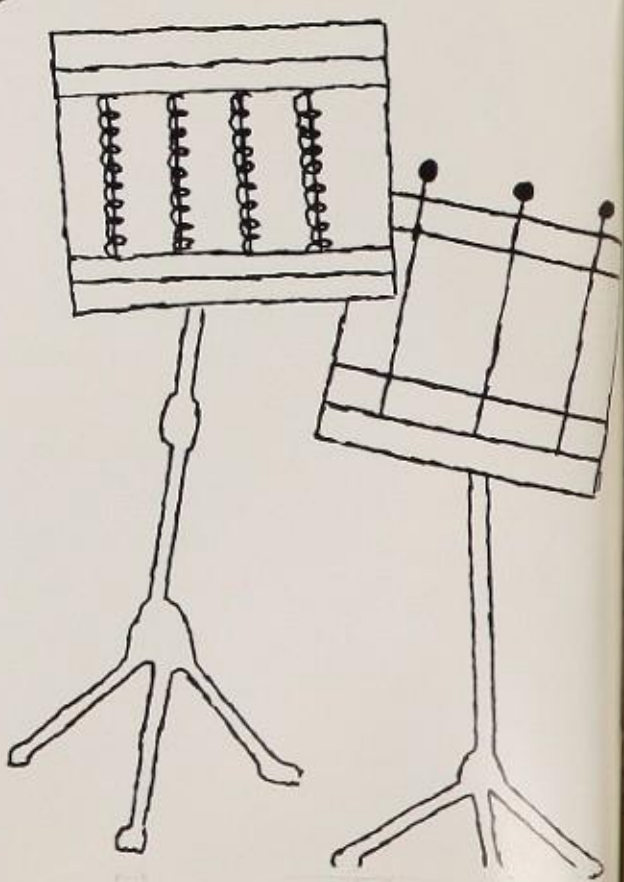
Mr. Brown
Coordinator

MUSIC

Music is the one language in which the more accurate the delivery "pronunciations" and "grammar," the greater the impressions received by the listeners. Each one receives ideas determined by his own mind, yet in some way similar and linked to the impressions of all the others who hear the same music. There is a bond between them (created by the music) and yet they are still individual. This is the universal language as spoken by our Music department with its band, choir and orchestra. Each year the department's various functions, such as the Christmas Concert, Operetta, Tri-School Concert, Swing Show, convey their messages to us amidst well-deserved applause and approval.

Mr. Maglio



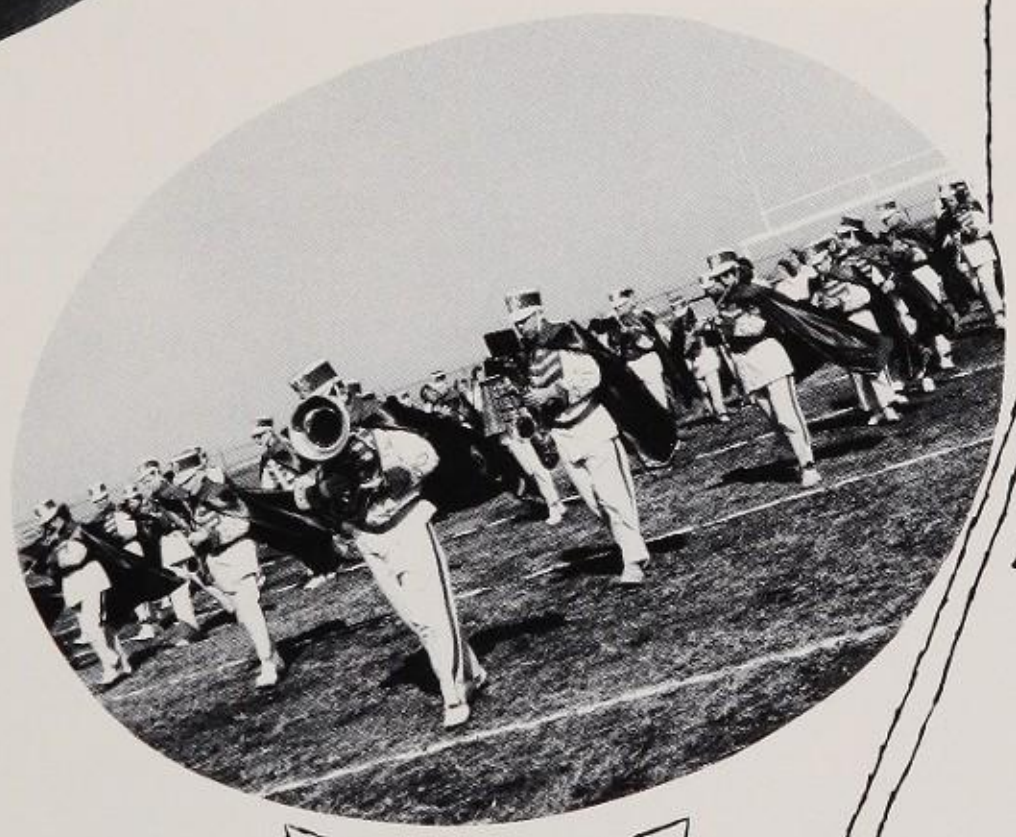


Majorettes

Half-time festivities are gay when the Majorettes proudly strut across the football field to the tune of a lilting march. Under the watchful eye of Mr. Wilson, the Majorettes strive to entertain and please their audience at parades and football games. The girls also enter twirling contests, and the many trophies they have won are proof of their ability and enthusiasm.

Band

Expertly conducted by Mr. Wilson, both the marching and concert bands form an integral part of the Music Department. Members of the band devote long hours of practice to perform in the football games, concerts and assembly programs held throughout the year. Long Beach High School is extremely proud of the success which our band unfailingly achieves.



Orchestra

Bach, Beethoven, Borodin . . . these are familiar names to the talented members of the Long Beach H.S. orchestra. Under the direction of Mr. John Wilson, the orchestra each year forms an important part of our Holiday Concert program in rendering the melodious strains of great composers. A performance of our orchestra is an enriching experience for both audience and musicians.

Choir

The vocal selections of our Concert Choir are always eagerly awaited at our concerts and Swing Show. This year, Mr. John Paluszkiewicz, filling in for Mr. Michael Maglio, directs the choir in the Swing Show and produces the Operetta. As always, the choir exemplifies the beauty of perfect harmony in music and effort.

Swing Show

Once a year the forces of swing assemble and combine themselves to form one of the most exciting and entertaining evenings in high school life. The Concert Choir provides popular vocal numbers, along with the Swing Band's instrumental jazz arrangements and the student body partakes in musical and comical skits, all under the guidance of Mr. Glenn Brown.

Operetta

Comes Spring and the halls of Long Beach High School are filled with music and song. Where does it come from? The annual Operetta, of course. This year it is under the direction of our new music instructor, Mr. Paluszkiewicz, who has made the yearly event both bigger and better by doubling it. Down in the Valley, by Kurt Weil, and The Lowland Sea, by Alec Wilder, this year's presentations, are formed around folk melodies.

HEALTH OFFICE

The health office is one of the busiest and most efficient offices in the school. The nurses determine the nature and authenticity of the student's illnesses. It is with a great deal of pride that we point out the excellent work the nurses have done in coping with the many health problems brought on by a severe winter.

The psychological services impose some order upon a universe which sometimes seems overwhelmingly chaotic and the individual emerges as the thing of greatest importance. To serve this individual, to enable him to value and use this individuality, that is the purpose of Psychological Services.

PSYCHOLOGICAL SERVICES

F.N.A.

The Future Nurses of America Club, under the able leadership of Mrs. Curran, acquaints its members with the many interesting aspects of the nursing profession. Through discussions, field trips, and lectures by guest speakers, the organization strives to prepare its participants for their future careers. It has also aided in several fund raising drives for worthy charities.

F.P.A.

The Future Physicians of America Club was formed last year by the Guidance Dept. and continued by Dr. Robbins this year. The purpose of the group is to give interested students a chance to see what a career in medicine involves. Several meetings have been highlighted by guest speakers, and field trips have been taken. The members have studied first aid, and many of them work in the Long Beach Memorial Hospital. Although the organization is new, it has been highly successful, and is a group that the school and the community can take pride in.

Arista

Arista

Election to Arista is an honor bestowed upon those students obtaining an average of 87% by January of their Junior year, when they are inducted.

Folksings, dances, cake sales, and many other functions are conducted by Arista under the guidance of Mr. Howard Greenberg, to raise money for their scholarship fund. Membership in Arista is an achievement which will mean much to the students in future years.

FTA

Membership in the Future Teachers of America, the Junior division of the New York State Teachers Association, offers much for prospective teachers. Men and women from all fields of education come to speak to the members. Trips to Colleges are made to further the students knowledge of what lies ahead of them. Both teachers and students are pleased with the club's student teaching program. Under the direction of Miss Klein, this organization will continue to encourage future teachers.

FTA

Chess Club

Chess Club

Checkmate . . . and one more opponent bites the dust, in this, a game of wits. A keen eye and a clear mind are the assets required; and our Chess Club, under the direction of Mr. Wolsky meets these to a "T."

Ski enthusiasts and students with a yearning for fun and excitement now have the opportunity to learn the fundamentals of a winter sport which is rapidly increasing in popularity. The challenges and risks of the ski trail are no deterrents to the members of the club, which is directed by Mr. Robert Stanger and Mr. Herbert Spielman.

Ski Club

Ski Club

Attendance Office

Attendance Office Staff

The student staff of the Attendance Office helps Mr. Popper keep track of the absences, latenessess, and misbehaviors of the student body. "Order out of chaos" is their goal and although they are rarely appreciated for it, their's is an imminently necessary task.

High School Office

High School Office Staff

Endless typing, filing, mimeographing, transcripting and processing are the jobs of this office, accomplished by Miss Haberman, Mrs. Hirsch, Mrs. Rose, and their staff. Keeping the school running smoothly and efficiently is their goal and their achievement of this goal worthy of congratulations.

Visual

Under the direction of Mr. Hammer, the Audio-Visual Squad provides us with valuable tools which greatly implement our quest for knowledge. We are provided with films and tape recordings on any and all subjects, the result being a marvelously enjoyable way to learn.

Audio-Visual Squad

Color Guard

Red, White, Blue — the colors of our flag and the uniform of our color guards. Under the capable guidance of Mr. Howard M. Greenberg, our Color guards are a source of both inspiration and encouragement to us on many occasions. They are the bearers of those proud colors which remind us of that great tradition of which we are working to uphold. Let them carry on their wonderful work of which we are most proud.

Key Club

The Key Club, a group of 50 selected boys with at least an 80 average, is dedicated to serving our school and community. The club, sponsored by our city's Kiwanis Club, helps our school through the hall patrol, the assembly ushering service and the audio-visual squad. The club, under Mr. DuBow's direction, collects for charities and does many service projects for Long Beach. Each member leaves the Key Club with an increased sense of responsibility and companionship.

G.O.

The General Organization is our students' attempt at self-government. The four officers, who were elected in May of 1962, are Paul Mittleman, President, Howard Gecker, Vice President, Iris Smith, Secretary, and Judy Lubow Treasurer. The Executive Committee, which is composed of the officers and the heads of the various G.O. committees, is responsible for the leadership of the government.

G.O. Officers

The activities of the G.O., however, do not end there. The organization has numerous Committees, including the Boosters, the Dance Committee, the S.T.R.C., and the Student Court. For the one dollar that each G.O. member gives, he receives more than that value in discounts, dances, and other services.

GUIDANCE

Throughout the four high school years, the students are confronted with problems concerning their programs, colleges and careers. The function of the Guidance department is to aid the student in making his own decisions. They arrange career conferences, scholarship tests and distribute pamphlets. The conferences with the students and their parents insure personalized, superior guidance. Under the directorship of Mr. Stanley Galowin, the Guidance Department is both effective and efficient.

Lest We Forget

Our class trips to Bear Mt. . . . Mr. Maglio's Dunderhead Awards . . . The time saving lunch tokens . . . Mr. Brown's lecture #8,746 . . . Our first hairy G.O. dance . . . Doc's "examineeeetions" . . . "This is definitely the last week you can hand in your Echo deposit" . . . Blue cards . . . Nice Whip . . . PSSC,HMG,CE,XH,SAT,NYSSMA . . . The awards assemblies in the gym . . . Denise charging across the football field . . . Dr. Shanker's recitations . . . Social dancing on Fridays . . . The old school — the new school . . . Thirdlies . . . Mr. Greenberg's field trip to observe conservation in our school . . . The Soccer team's first win . . . The modern dances performed by the talented girls of LBHS . . . The little green worm in Mr. Harrison's cigarette lighter . . . The locked bathrooms . . . To call Miss Sullivan Mrs. Luongo . . . Mr. Stark doing the twist and the split . . . Parliamentary Procedure at the Arista meetings . . . Cake sales . . . Senior homeroom . . . The Student Code . . . The black drapes girls wore for their senior pictures . . . Pledging for Sororities . . . The signs hidden by the weeds which said: "Walk on blacktop — area seeded." . . . The mouse in American History . . . Mr. Popper acting like a Yogi Bear . . . The football games we almost won . . . Mithith Thermanth Thenior Thpeech Clath . . . Mr. Greenberg and his "Good morning, young people" . . . The "big" story: "Girl Falls in Ditch" . . . Gino's . . . Anne-Marie . . . The bomb scare in the old school . . . The time Mr. Coen backed into a lit bunsen burner . . . Mr. Witoff singing to his advanced chemistry class a chorus of: "If I Only Had a Brain" . . . The fire sale at the greasy spoon . . . The day before Christmas vacation . . . Coffee-breaks in the Humanities Class . . . The snowstorm that kept us out of school for three days . . . The skeleton in the locker . . . Mr. Stark's "Chug-a-lug" lesson . . . Open-house at Staubler's . . . The G.O team's splinters . . . Mr. Piazza's magic mirror . . . The slinkies, red horse joke, and broken rulers of PSSC . . . "Let me say this about that" . . . Mr. Harrison's jokes . . . Mr. Santay accusing the wrestling team of everything . . . Mrs. Reickman's favorite song "Aupres de Ma Blonde" . . . Mr. Friend guarding the back door in the hall . . . Mr. Stark's Black Cherry soda . . . Doc Samuels' Senior "Knocker" . . . "Doc" Galowin suspending everyone . . . Mrs. Ables' excellent 65 . . . How to plagiarize term papers . . . Summer school registration . . . Our most beautiful and kind lunchroom cashier in the old school . . . ferndoc's, creel . . . The Arista trip to Albany . . . Senior 63' on notebooks . . . Officer Al . . . Broken legs from skiing and football . . . All the new noses . . . Senior prom . . . The Senior year.

Last Will and Testament

We, the Senior Class of '63, being of as sound a mind as possible and in the state of complete insanity, do hereby bequeath the following to the remaining members of the Long Beach High School . . .

The Calculus Class leaves Mr. Stark 47 dozen ice cream pops.

The Senior Class leaves Mr. Borzilleri a new moon.

The girls in Mr. Greenberg's 8th period History Class leave him a box of "Ringers."

The Drama Class leaves their "Fairy God Uncle" (Mr. Wolsky) his wings.

Doris B. and Erick F. leave to the future GO Dance Comm. chairmen lots of Fun, Fun, Fun!

Harold Carls leaves the wrestlers with the same scale.

The third period Probability Class leaves Mr. Berstein "A Bunch of Fallacies."

The C.E. Class leaves Mr. Harrison an "isolated issue" of R.F. poems.

Lea L., Ann R., Ellen K., and Linda R. leave Mr. Witoff a bag of jokes so he can carry on.

The outgoing Tide staff leaves Mr. Lindauer and the new staff with the hope that all their troubles will just "roll off their shoulders."

Iris S. leaves next year's GO Secretary all the records in her closet.

Ann G. leaves the Gym Department a working thermostat for the girls' locker room.

Arista leaves Mr. Greenberg a train to Albany.

Jerry G. leaves his amazing nut-dance to Marvin R.

Pam Y. leaves Mrs. Brett a year's supply of bubble gum.

The Advanced Bio. Class leaves Dr. Napp a broad smile.

Bob P. leaves LBHS a well deserved book entitled, "How to Run a Prison Without Really Trying."

Dr. Shanker's English Classes leave him a new pair of elbow patches, a package of Gillette Super-Blue Blades and a mirror.

Vic F. leaves Mr. Fisher saying, "So What's going to be, Harry?".

The Senior Class leaves Senorita a class of all smart rows.

Mark H. leaves honors for Mr. Harrison.

Jack B. leaves Mr. Wolsky a definite schedule of book reports.

Linda N. leaves Mr. Abramowitz a red hair dye to match his mustache.

The Echo Editors leave next year's Echo Staff a good theme.

The seniors in the band leave Mr. Wilson a band as good as ours was.

To the custodian who stands guard by the chain every morning to let the buses in — a heated guard house and a push button draw bridge.

Malky and Jill leave Mr. Stegeman a lifetime supply of peppermint lifesavers.

Joyce S. leaves next years booster chairman a "Big Headache."

Mr. Graff's Economic class leaves him an electrolux vacuum cleaner.

Stuart D. leaves next years "GO" team his seat on the bench.

The senior class leaves the school 568 stale pretzels.

Linda, Iris, Sara and Ian leave Mr. Warshaw a "banged-up" car.

We leave Mr. Hershfeld a ruler.

The second period physics class leaves Mr. Robbins a nickelplated "thing."

Dr. Samuels 4th period class leaves him our mirror.

We leave Mr. Greenberg all our unused sneakers.

Ellen S. leaves Fran S. all her open houses.

A book by Walter Hesse — "How to Pass Geometry in three easy years."

Bennet Hammer leaves a key to every car in Long Beach.

Steve Z., Alan W. and Richie B. leave to Mr. Gold their one gym uniform.

Robert Z. leaves Mr. Amatrian a narrow tie.

Margie M. leaves Mr. Harrison with a nailclipper.

Dr. Galowin and Mr. Santay an honorary membership to the key club.

Janet K. leaves "Al" more napkins to hand out during lunch period.

Richard K. leaves a good cook for the cafeteria.

Howie G. leaves a can of paint to Arista.

Bill C. leaves Mrs. Luongo an Italian cook book.

Linda, Steve and Cathy, the Varsity Geometry Club, leave the school nine years of Geometry among them.

Helen F. leaves Mr. Borzilleri a megaphone and a cheerleading uniform.

Dear Mr. Feinman.
Being in your art classes for the last four years has been the most rewarding experience of my high school career. Your teaching and help has influenced me in many ways. But more than that, you've been one of the nicest people I could ever meet. I wish for you and your family all the luck and happiness that life can possibly bring.
Love always.
